Welcome To Mindtree

Dear Siddhant,

Heartiest congratulations on completing the Orchard program at the Global Learning Center, Mindtree Kalinga and welcome to the next phase of your career as a competent and responsible professional.

Your experience at Mindtree Kalinga has inculcated in you a desire to learn, the confidence to explore, courage to ask questions and a sense of responsibility to collaborate with others to solve real world problems. Today we face unprecedented challenges, which are also throwing up many new opportunities. We are in a world where what we do can touch millions instantly and improve their quality of life, including our own. At Mindtree, we change the world through the services we provide to our customers and societies across the globe. This is the power of the digital era and you hold the key to build an enriching future for yourself, Mindtree and the IT industry.

I urge you to learn relentlessly from every opportunity that comes your way. Even between assignments, do not stop learning the latest trends, in technology, tools and businesses. Especially, be open to learning from unusual sources and stay engaged with fellow Mindtree Minds. You are the "Minds of the Future" who can unlock the infinite possibilities of tomorrow.

Let us make Mindtree a memorable company by doing the best we can for our customers and our teams.

Hope to catch up with you in person soon.

Regards

Rosalee M Kombial
